Effective governance provides the framework to ensure the Credit Union is managed soundly and prudently by a competent Board which can make reasonable and impartial business judgements in the best interests of the Credit Union and which duly considers the impact of its decisions on members.

The Board is guided by the ASX's Corporate Governance Principles and Recommendations to the extent that they are applicable to the Credit Union as a mutual entity.

In undertaking these responsibilities the Board has due regard to all of its stakeholders and its role in the community.

Responsibility for the day-to-day activities of the Credit Union is delegated to the Chief Executive Officer by the Board in accordance with Board Governance Policies.

Board Processes

The Board has established a framework for the management of the Credit Union including a system of internal control, a business risk management process, the establishment of appropriate ethical standards (values and behaviours) and Board policies.

The Company Secretary of the Credit Union is accountable directly to the Board, through the Chair, on all matters to do with the proper functioning of the Board. Board meeting agendas are prepared by the Company Secretary in conjunction with the Chair and the Chief Executive Officer.

Executives are regularly involved in Board discussions and Directors have other opportunities to communicate with the wider group of employees.

The Credit Union has a fit and proper framework in accordance with relevant legislation. This framework ensures Directors, Executives and Senior Management are fit and proper to lead the Credit Union. The Credit Union undertakes checks before appointing a Board-appointed Director or putting forward a candidate for election as a Director.

The Credit Union has a written agreement with each Director and Executive Manager setting out the terms of their appointment.

The Credit Union is diligent in complying with all external regulatory requirements. This includes APRA's Prudential Standards and Guidelines as well as ASIC requirements.

Structure of the Board

The composition of the Board of Directors is determined in accordance with the Credit Union's Constitution. At all times, member-elected Directors constitute a majority of Directors. The Board comprises Non-Executive Directors all of whom are independent. The Board regularly assesses the independence of each Director.

The Board considers the mix of skills, industry experience and the diversity of existing and potential Board members when assessing the composition of the Board and when appointing Board-appointed Directors or presenting candidates for election by members.

The Board currently comprises seven Non-Executive Directors, four of whom are member-elected and three Board-appointed Directors.

All Directors are eligible to vote at all Board meetings. All members of the Board are shareholding members of the Credit Union and are appointed to office in accordance with the Credit Union's Constitution.

The Board Charter describes how the Board intends to renew itself in order to ensure it remains open to new ideas and independent thinking, while retaining adequate expertise.

Ethical Standards

The Credit Union has developed and communicated a set of core values and implemented these in the operating and behavioural environment of the Credit Union. The core values are supported by values in action statements that outline the expected behaviours of each Director, manager and employee of the Credit Union.

All Directors, managers and employees are expected to act in accordance with the Credit Union's policies and values at all times.

As a member-owned financial institution, Credit Union SA is committed to complying with the Customer Owned Banking Code of Practice (COBCOP). More information about COBCOP is available at <http://www.customerownedbanking.asn.au/consumers/cobcop>

The Board has developed policies for dealing with actual and perceived conflicts of interest at all levels of the organisation. Directors are to disclose to the Board actual or potential conflicts of interest that may exist between the interests of the Director and the Credit Union.

Where a Director has an actual, potential or perceived conflict of interest in relation to any matter under consideration by the Board, the Director must declare that conflict of interest, absent themselves from any discussion of that matter and not vote on any resolution arising from or relating to that matter. This is noted in the minutes of the meeting.

Professional Development

The Board has a strong commitment to continuous improvement of Directors. Annual budgets are set for education and development, and Directors' professional development guidelines are specified within the Board Performance Management and Director Development Board Policy.

Board Performance

The Board is committed to the ongoing development of both individual Directors and the Board as a whole. The Board conducts an evaluation of the performance of the Board relative to its objectives and the performance of individual Directors with feedback provided to individual Directors and the Board as a whole on their performance against stated objectives.

Director Remuneration

The Governance Committee conducts an annual review of Director remuneration taking into consideration payments made to Directors of similar sized organisations. Appropriate levels of remuneration are set for Directors including loadings for Chair positions and multiple Committee appointments.

The recommendation of the Governance Committee requires Board endorsement of individual Director remuneration and, where appropriate, the total aggregate Director remuneration. In the event that there is an increase from the amount previously approved by members for the total aggregate Director remuneration, approval is required by the members at the Annual General Meeting.

In accordance with Prudential Standard APS 330, the Credit Union discloses information on its remuneration practices on the Credit Union's public website under Regulatory Disclosures.

Diversity

The Credit Union submits an annual compliance report in accordance with the Workplace Gender Equality Act 2012 with a copy of the Workplace Gender Profile Report published on the Credit Union's public website under Regulatory Disclosures.

Communication with Members

The Board encourages full participation of Members at the Annual General Meeting, either by way of physical attendance or proxy voting, to ensure a high level of accountability and to communicate the Credit Union's strategies, goals and achievements. Important resolutions are presented to Members as single resolutions. Members are requested to vote on contested Director Elections, aggregate remuneration of Directors (only in the event of an increase in the aggregate remuneration from the amount previously approved by members) and any changes to the Constitution.

A copy of the Credit Union's Constitution is available [here](#).

The Risk Committee assists the Board in fulfilling its responsibilities in relation to the Credit Union's risk management system. Specific responsibilities include risk management that arises from the balance sheet and interest rates, credit risk that arises in the credit portfolio and operational risk that includes regulatory risk, business continuity and other day-to-day business operations (including economic, contagion and reputational risks). Risk Management

The Board is ultimately responsible for the sound and prudent management of Credit Union SA. The Credit Union will comply with the law, regulatory policy statements, industry codes and organisational standards that are relevant to the business. The Credit Union has identified risks that impact on the organisation and established risk systems, frameworks, policies and procedures to effectively and efficiently manage these risks as well as supporting a strong risk management culture.

The Credit Union has a Risk Appetite Statement and Board approved policies that document its approach to risk management. These documents limit risks to prudent levels by providing a logical and systematic framework to identify, measure and manage potential risks, and to meet prudential and statutory requirements.

Monthly actual results are reported against budgets approved by the Directors and revised forecasts for the year are prepared regularly.

Internal Audit

The Credit Union outsources its Internal Audit function to a professional audit firm. The outsourced Internal Audit function has unfettered access to all business lines and support functions and reports directly to the Chair of the Audit Committee.

The Audit Committee is responsible for approving the program and scope of internal and external audit activities each financial year to ensure optimum coverage of the major areas of potential risk.
